

Hibiya Music Festival is a borderless music festival free to one and all.

The Hibiya Music Festival is an open music event held in Hibiya Park, home to the "YAON" - a sacred ground of music that has shaped the history of outdoor concerts in Japan. This is a space open to everyone and anyone to experience captivating music. Entrance and participation are completely free. Parents, children, and grandparents alike can enjoy a pleasant atmosphere, top artist performances, and various high-quality music experiences, all at no cost. The free event is made possible through crowdfunding, corporate sponsorships, and grants.

While some may suggest organizing a paid event instead of relying on financial support, Hibiya Music Festival values its commitment to being free. We aspire to create a space open to everyone, where people can discover a variety of music that transcends generations, genres, and personal preferences. It is our hope to serve as a gateway for as many people as possible to discover the vastness, depth, and sheer joy of music.

The Hibiya Music Festival believes that we can break out of the preconception and limitations of 'what should be,' 'what has been,' and 'this is my way' in the realm of music. We believe there's room for more freedom in how we enjoy and deliver music. As a first step, we bring you this free musical experience.

If you enjoyed the Hibiya Music Festival, feel free to support music in any way you can. When each individual supports music, our music culture becomes more vibrant. Music can take root naturally in people's lives, enriching their days. Hibiya Music Festival aims to collectively stride toward a new stage, where this vibrant cycle of music flourishes.

Message from Seiji Kameda

(Chairman of the Hibiya Music Festival Executive Committee)

Welcome to Hibiya Music Festival 2024!

This year, with the renovations at Hibiya Park, we've revamped our layout. From this vibrant, green urban park, we're excited to bring you a blend of music and a peaceful atmosphere. Despite the ever-changing times, our mission remains the same: to connect hearts through music in a dynamic and borderless way.

At the new "HIDAMARI" stage, you can enjoy beautiful acoustic music and delicious food. Over at "Ongaku KADAN," you'll find booths where you can try out various instruments. It's so much fun! "OTONARI Street" is a joyous promenade filled with instrument experiences, food, and supporter company booths. "ASOBI" offers a variety of family-friendly workshops, and don't miss the booths from our wonderful sponsors. Next to the "HIROBA" stage, we've even set up a beer garden! This weekend, the music festival and the city of Hibiya come together to offer you an amazing experience. Plus, with AR and VR apps available in the park, you can seamlessly blend real and virtual musical adventures.

Hibiya Music Festival is now in its sixth year. Our free event thrives thanks to sponsorships, grants, and your generous crowdfunding contributions. However, we haven't yet reached our goal of 27.5 million yen. We have some lovely music-themed rewards available, and on-site donation boxes for your support. Please help us continue to offer Hibiya Music Festival for free! Let's spread this unique musical culture far and wide from Hibiya!

Please enjoy the festival to the fullest! We hope it brings you joy and wonderful memories.

Aiming for a music festival created by everyone

Support / Your Contributions

The Hibiya Music Festival is a free event made possible by corporate sponsorships, grants, and crowdfunding. Your support helps create meaningful musical experiences for others, fostering a richer musical culture that will undoubtedly circle back to you. We'd be delighted if you could join us in this grand cycle of supporting musical culture. We invite you to contribute to our crowdfunding effort.

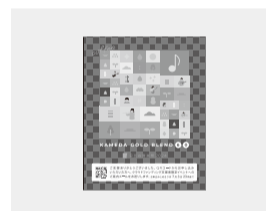

Method 1 Choose a reward to support

Visit our crowdfunding project page on READYFOR to choose from a range of rewards such as original merchandise, and returns from artist collaborations and immersive experiences. You can also check out samples of the merchandise at our crowdfunding booth.

Method 2 Donate at the venue

There will be donation boxes at the crowdfunding booth or at the exit after each performance. We accept donations from 1,000 yen, with no special procedures. As a thank you, we offer an original coffee drip pack (Kameda Blend GOLD®) while supplies last. Your support is greatly appreciated! (Please note, we cannot accept foreign currency.)

Method 3 Donate via bank transfer

This year, we have opened a new donation portal. Unlike crowdfunding, there are no returns for your support, but it allows for simple support without the need for registration. If you prefer straightforward contributions, please consider donating this way.
